

Indirect Costs Policy

The Foundation is a 501(c)3 non-profit organization funded primarily by donations from private citizens to support Florida native wildflower research, education and planting projects. The Foundation's budget is limited. Therefore, in an effort to obtain the greatest return for its expenditures, it is the Foundation's policy not to allow payment of indirect costs to grant recipients. This policy applies to all entities receiving awards.

Indirect costs are defined as general overhead and administration expenses (e.g., rent, utilities, accounting, etc.) that support the entire operations of a grantee and that may be shared across projects.
