Petition to Support a Wildflower Resolution in [County/City]

We, the undersigned organization(s), respectfully support the adoption of a Wildflower Resolution in [County/City].

Native roadside wildflowers provide numerous public benefits, including:

- Habitat for pollinators, birds and other wildlife
- Reduced roadside maintenance costs through less frequent mowing
- Improved water quality and soil stabilization
- Enhanced community beauty and local pride
- Support for Florida agriculture and natural ecosystems

By adopting a wildflower resolution, [County/City] can join other Florida communities in conserving our natural heritage while promoting a healthier, more resilient environment.

We urge the [County/City] Commission to adopt a Wildflower Resolution at the earliest opportunity.

Signed,
